## A LITTLE CHILD KILLED AT KURTEN

### Shot to Pieces by Little Brother as They Played With Shot Gun.

One of the most distressing tragedies Brazos county has known in many a year, occurred this afternoon in the Kurten community in which a little two-year-old child was shot to death by its little brother.

They were children of Mr. and Mrs. Guinn Lloyd and were playing with a gun. The older child had the gun

when it was discharged, the lead taking effect in the body of the little two-year-old baby, killing it instantly.

It was a fearful, horrible tragedy, in the presence of which we stand appalled and wonder at the dispensations of Providence. It is indeed a hard blow to the parents and they have the deep sympathy of their neighbors and friends.

## WITH EYE PIERCED STICKS TO THROTTLE

Brave Engineer is Hurried to Hospital  
But May Lose His Sight.

Special to the Eagle.  
New York, Aug. 28.—With his right eye pierced by a piece of glass from a broken oil cup, Engineer Andrew Ho of Jersey City, who runs the East Beardsville express from Hoboken to Summit, N. Y. stood at his post and ran the train with undiminished speed into Summit station, whence he was hurried to the Overlook hospital for treatment. The doctors fear he may lose the sight of both eyes.

R. M. T. LEWIS HURT.

Fell From Second Story Gallery Receiving Serious Injuries.

Mr. T. Lewis happened to a serious accident at noon today in which he was seriously hurt.

He had just gone down to the residence of Mr. W. H. Oliver, where he is building an extensive addition and went up the second story to inspect the work. He was on the gallery of the second story and in some way lost his footing and fell to the ground below. He struck on some pieces of lumber in one place of which were some nails and his back was badly lacerated. The concussion from the fall rendered him unconscious and he remained so for nearly an hour.

His lower limbs are paralyzed and it is feared that his injuries are serious. Dr. Yer was summoned at once and everything possible was done for him, and at 3:30 this afternoon he was removed to his home.

At the hour going to press he was resting quietly as could be expected, and hope is entertained that his injuries will prove less than at first thought.

WOOD TRACT LET.

The committee from the city school board to secure land for the schools for the coming year, has awarded the contract to R. R. Knowles. The contract is for 60 cords of good merchantable wood.

## MILLIONAIRE IN AUTO ACCIDENT

A Year Ago Steel Magnate Gave Each  
of Four Children \$4,000,000.

Special to the Eagle.  
Pittsburg, Pa., Aug. 28.—William H. Singer, a director in the Carnegie Steel Company and the Crucible Steel Company, was seriously and perhaps fatally injured Wednesday night in an automobile accident at his summer home near Providence, R. I. Relatives of the injured millionaire hurried East to his bedside.

One year ago the wealth of Mr. Singer was estimated at \$30,000,000. He was approaching the age of three score and ten, and apparently he had a sudden premonition that he might meet with a fatal accident or die suddenly, thereby embarrassing his estate, perhaps, for his heirs. He decided to provide against this contingency by disposing of the major part of his wealth to his children, four in number.

Accordingly he sent out invitations for the strangest family dinner party ever given in Pittsburg.

One of the children came from Norway to take part in the dinner. The one favor found by the plate of each of the four children was a paper giving absolute transfer of \$4,000,000. Mr. Singer, all his life, has been a close friend and business associate of Andrew Carnegie.

W. P. DAVIS DEAD AT HOUSTON.

The death of W. P. Davis Sr., aged 59 years, occurred at 10 o'clock Friday morning at his residence on Edgewood street, just beyond San Jacinto park. Deceased is survived by his widow and seven children, two daughters, Mrs. C. B. McGregor of Millican and Miss Inez Davis of Houston; five sons, W. P. Jr., I. D., G. P., E. B., and E. S. Davis, all of Houston.

The funeral is announced to take place at the residence at 10 o'clock Saturday morning with interment in Hollywood cemetery.—Houston Chronicle.

Mr. Davis was for several years a resident of Bryan, having come here from Iowa, Grimes county. He is well known and has many friends throughout this section who will regret to learn of his death.

## THREE SISTERS TO WED SAME DAY

The Peculiar Feature is That None  
Knew of the Others' Plans.

Special to the Eagle.

Chicago, Aug. 28.—A tripple romance, in which three sisters fell in love at the same time is to have a happy ending tomorrow when the three daughters of Mrs. Lewis Lamson, 686 West Jackson boulevard, are to become brides. Perhaps the most unique feature of the strange romance is that each sister set the date of her wedding without the knowledge of the other sisters, confiding the secret of her betrothal only to the mother.

FOSTER'S WEATHER BULLETIN.

Washington, D. C., Aug. 28.—Last bulletin gave forecast of disturbance to cross continent 27 to 31, warm wave 26 to 30, cool wave 29 to September 2. This disturbance was expected to bring a week of high temperatures, great storms and severe weather and particularly to intensify the drouth that may then prevail in some sections of the country.

Next disturbance will reach Pacific coast about 29, cross Pacific slope by close of 30, great central valleys 31 to September 2, eastern states and provinces 3. Warm wave will cross Pacific slope about 29, great central valleys 31, eastern states and provinces Sept. 2. Cool wave will cross Pacific slope about Sept. 1, great central valleys—longitude 105 to 65—about 2, eastern states and provinces 5. This will bring another week of severe storms and strenuous weather and I expect electric storms in many places with earthquakes in countries subject to such disturbances. All are advised to avoid water voyages and be prepared to find shelter till after September 6.

The cool wave that will cross continent Sept. 1 to 5 will go near the front line in parts of Canada and northern states. Showers but not much rain may be expected as this cool wave approaches.

Second disturbance of September will reach Pacific coast about 4, cross Pacific slope by close of 5, great central valleys 6 to 8, eastern states 9. Warm wave will cross Pacific slope about 4, great central valleys 6, eastern states 8. Cool wave will cross Pacific slope about 7, great central valleys 9, eastern states 11.

This disturbance will bring a great high temperature wave, rains, a severe cool wave and, to northern states and middle province of Canada, killing frosts. This disturbance will cover a week of great extremes and radical weather.

Where drouth prevailed this disturbance is expected to break it and bring copious rains, too late to benefit crops but a great benefit to fall pastures.

The fall in temperature from Sept. 1 to 16 will be great and the rise will be almost as great from 16 to 25. After Sept. 11 the crop weather does not look good for spring wheat. Too much cold, rain and storm.

Three severe storm periods are expected in September covering the five day periods centering on 4, 15 and 29. Most rain middle part of month and most rain in southern states. Temperature of Sept. will average below normal.

TICKLED TO DEATH IN THEATRE.

Play Proved Too Funny for the Colored Sister.

Special to the Eagle.

New Orleans, La., Aug. 28.—Margaret A. Lethers, a negro woman, laughed so heartily at the performance at a local theatre last night that she became unconscious and died before she could be taken from the theatre.

Her son afterwards stated that she was subject to heart attacks and it is supposed that violent laughter brought on the attack.

BOUGHT BROTHERS DRUG STORE.

Lockhart, Texas, August 27.—R. C. Emmel yesterday sold to his brother, E. R. Emmel of Bryan, Texas, his drug store and will in a few days leave for Houston.—Galveston News.

There has been no change in the interest of Mr. Emmel in the drug business of Emmel & Maloney of this city, and Mr. Emmel is expected to return from Lockhart in a few days. It is not known what disposition he will make of the new business he has purchased there.
